PROFESSIONAL SUMMARY

- Front-end Developer with 1+ years of hands-on experience building responsive and scalable web applications.
- Proficient in **React.js**, **Next.js 15**, **Node.js**, and **TypeScript** with a strong understanding of component-driven design and performance optimization.
- Experienced in using modern UI frameworks like **Tailwind CSS** and **Shadcn/UI** for pixel-perfect, mobile-friendly interfaces.
- Effective team player with exposure to **Agile methodologies**, Git-based collaboration, and CI/CD pipelines.

WORK EXPERIENCE

Front-End Developer

Oct 2024 – Present

Remote

- Built a scalable, multi-tenant admin panel with **Next.js 15** and **Tailwind CSS**, improving operational efficiency across multiple client websites.
- Developed real-time, interactive dashboards with optimized DOM rendering, reducing UI load time by 30%.
- Implemented **Formik + Yup** for schema-driven form validation, improving input error catch rate by 40%.
- Used **Stan.js** for managing global state, streamlining role-based access control and sidebar visibility across components.
- Collaborated in Agile sprints with Git-based version control, code reviews, and CI/CD pipelines.

Freelance Front-End Developer (Upwork)

Aug 2025 – Present

Remote

- Delivered 3+ client projects on **Upwork**, ranging from responsive landing pages to backend bug fixes and integrations.
- Worked with global clients across diverse industries, translating business requirements into scalable front-end solutions.
- Improved client websites' performance by up to 35% through optimized code, asset compression, and caching strategies.
- Maintained 5-star client satisfaction through clear communication, timely delivery, and iterative feedback cycles.

PROJECT

Nextify – AI Image Generator Web App

Jul 2024 – Aug 2024

- Engineered a full-stack AI image generation app with **Next.js (SSR + API Routes)** and **TypeScript**.
- Integrated **Clerk** authentication for secure user sign-in/sign-up and protected routes.
- Connected **Cloudinary** for media uploads and dynamic transformations.
- Used **Shadcn-UI** and **Tailwind CSS** for fully responsive UI across devices.
- Deployed via **Vercel** for edge-optimized performance and CI/CD.
- Live Demo: <https://nextify-beta.vercel.app/>

EDUCATION

Sir Syed University of Engineering And Technology

Bachelor of Science in Computer Science

Gulshan-e-Iqbal, Karachi

Oct 2022 – Jul 2026

Delhi Government Science College

Pre-Engineering

FB Area Hussainabad, Karachi

Aug 2020 – Jun 2022

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, SCSS, Node.js

Frameworks/Libraries: React.js, Next.js (v15), Express.js, Shadcn/UI, Tailwind CSS

Databases: MongoDB

State Management: Zustand, Redux, Stan.js

Tools & Platforms: Vercel, Git, Clerk, Cloudinary, Formik, Yup, Chart.js, Chrome DevTools

Workflow: GitHub, CI/CD, VSCode
